PARTNERS

ESG INDIA SUMMIT

Towards A Sustainable Future

Environmental

Social

Governance

India ESG Summit invites your esteemed organisation to be a key sponsor, partner or supporter of the Summit to take competitive advantage from this global forum.

It is important for your esteemed organisation to showcase innovation, innovative products, services and advancements and come forward to grab the opportunity to network with thought leaders of business, Govt., ESG and society.

The prestigious summit provides an opportunity to be fruitfully engaged with the industry experts and create a momentum towards a sustainable organisation.

The summit brings together ESG thought leaders from top companies, organizations, and investment and financial institutions to share their insights on their ESG journeys.

The partnership is your gateway towards creating a sustaining organization and fostering alliances with like-minded experts.

OBJECTIVES

The India ESG Summit aims to achieve the following:

- An overview of ESG discourse in India - voluntary and mandatory disclosures and kickstarting SBTi.
- Strategy and framework to adopt ESG - why, what and how of commitment, technology and resources.
- CSR as compliance to the adoption of ESG, the future of the CSR landscape in India.

OUTLINE

In India, ESG is now an unstoppable drive. Deliberations on environmental, social, and governance (ESG) issues have become far more widespread than ever. ESG now is about Balance Sheet performance with direct P&L benefits. Regulators have introduced timely guidelines related to ESG disclosures.

Integrating and 'ESG into practice' adds value to portfolios and increase business sustainability. As a result, ESG is becoming the pathway to achieve the differentiated performance of businesses.

To highlight such an exceptional opportunity, India CSR is delighted to be organising the 2nd edition of India ESG Summit 2023, with this year's theme **'Responsible Businesses in Making Atmanirbhar Bharat'**.

Managing uncertainty on future of ESG regulation and understanding what compliance might look like

- Integrated Reporting and ESG Performance Management
- Significance of ESG Data Management
- CFO and CSO Partnership in Driving Sustainability Agendas
- How can ESG enhance Balance Sheet Performance
- Role of Internal Audit in ESG
- Role of Board of Directors in Sustainability
- ESG – from lens from Credit Rating Agencies
- Better way to manage ESG – Go Digital
- Effective ESG Governance
- ESG as a Tool for Top-line Growth
- ESG and Resilient Supply Chains
- ESG and Circular Economy
- Sustainable Investing an Imperative for a Changing Environment
- ESG as a Tool for Portfolio Resiliency and Risk Mitigation

Strength

Join 100 senior executives from business, finance, and Government to build networks, collaborations, and learning to make 2023 the decisive year.

Why attend this forum?

Alongside CEOs, sustainability, Government, and NGO executives, the summit will bring together ESG investors, supply chain & procurement, and corporate energy executives to provide the only holistic event shaping the future of business.

Must join, it is

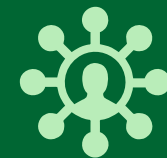

Relevance:

It is relevant to your business.

Learning:

Learn from industry thought leaders.
