

# MillionICU

An Initiative by Dozee

Transforming Healthcare

## IMPACT REPORT JANUARY 2022

Thank you for your support

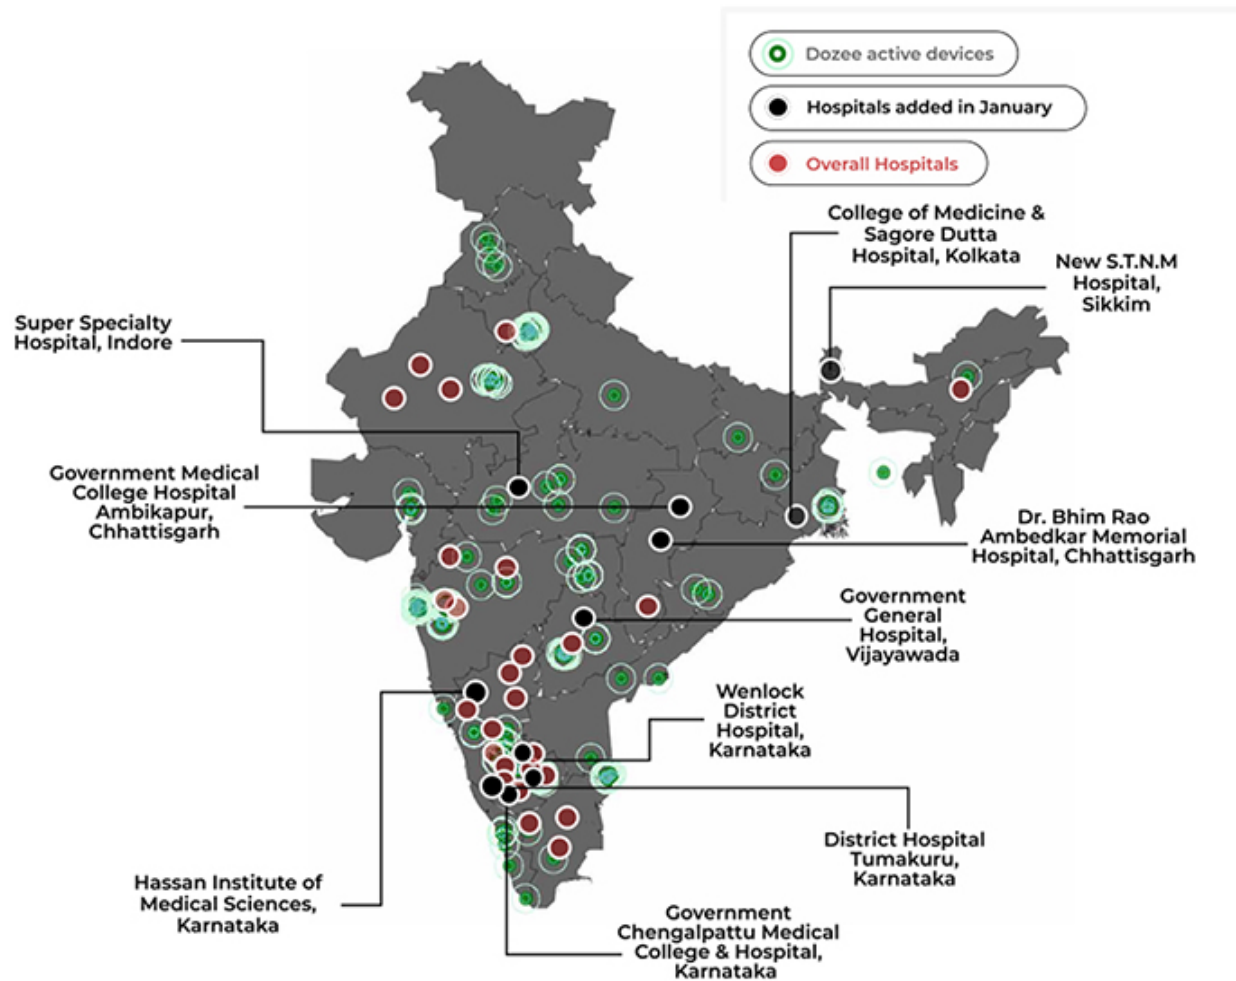

MillionICU is an initiative to address the long-standing gap in the Indian healthcare system by upgrading normal beds into step-down ICUs across public hospitals in India.

“ A few days ago , we had a patient whose Heart Rate was extremely high. Dozee has helped save this patient's life through timely transfer due to the alerts raised by the Dozee monitoring device. Dozee is also extremely helpful in monitoring multiple patients by one Nurse ”

**Prathima**  
**Nurse - ICU Incharge**  
**Gulbarga Institute of Medical Sciences - Kalburgi**

Empowering medical staff with our advanced  
Remote Patient Monitoring Training.

That's what the Dozee Army does

# Let's build the future of Indian healthcare, today!
