Asia's Largest CSR and Sustainability Forum

# India CSR & ESG Summit 2024

16<sup>th</sup>\*-17<sup>th</sup>-18<sup>th</sup> October 2024

Hotel Pullman, New Delhi

[www.indiacsrsummit.in](http://www.indiacsrsummit.in)

## About the 11<sup>th</sup> India CSR and ESG Summit:

Welcome to the 11th India CSR and ESG Summit, hosted by CSRBOX. Over the past decade, this summit has been a cornerstone for learning, networking, and inspiring change in the social sector. This year, the tradition continues with a renewed focus on driving positive change and innovation.

Conceptualised and executed by the Impact Practice team, this year's summit is dedicated to shaping the future of CSR and sustainability. The mission is to catalyse action, ignite innovative ideas, and foster impactful collaborations.

## New Additions to this year's India CSR and ESG Summit:

Climate Resilience: Exploring strategies to build resilient communities and ecosystems.

Nature-based Solutions: Leveraging natural processes to address environmental challenges.

Impact Investing: Driving social and environmental impact through strategic investments.

As the summit celebrates a decade of CSR achievements, it invites participants to be part of shaping the next decade of impactful, sustainable growth. The event will bring together leaders, innovators, and changemakers from across the industry to explore emerging themes, share best practices, and develop strategies for creating a sustainable future

“

Our journey over the past ten years has been a testament to the power of responsible CSR Practices. As we look forward, the 11th Edition of India CSR and ESG Summit marks the beginning of a new chapter, one where we envision a future built on sustainable and responsible growth collaboratively. A future where everyone has a responsibility to push the boundaries of what we can do together for the planet and people, keeping the sustainable growth trajectory, intact.

”

# India CSR Summit and ESG Forum: The National Spotlight

**Anurag Saxena** (He/Him) · 1st  
Vice President and Leader, Asia at Accion  
2h · 🌐

There are few who dare and then there are few who dare and deliver 🚀

Congratulations **Bhomik Shah** and **CSRBOX** team for grand success of the 10th India CSR Summit & ESG forum. If you perform to this level 10 times despite many odds, you deserve a standing ovation 100 times 😊

What I love about the forum is that diverse set of leaders come together and the sessions actually bring out the practical insights. This is the forum where competitors become friends and collaborations reach a new level.

Congratulations again 🙏

**Rachna Vatsa** (She/Her) · 2nd  
Head of Real Estate & Facilities | CSR | NEBOSH | LLB |

Attended 2 days- India CSR Summit 2023 organised by **#CSRBOX** with **Vikram Kumar**.

Must say that it's one of the mammoth events, superbly organised by the team there under the leadership of **Bhomik Shah** with such mass level attendees from across India.

A good platform to know the compliances, trends, need at grass root level, value creation and calculating the **#SROI** and how we corporates can play our bit in making India a superpower in times to come.

Totally resonate with intent here to gather everyone at the same place for "Doing good in a BETTER way"

**#CSRCONFERENCE #ESG #ESGTRENDS #NEEDFORCSR #WEARESINCH**

Gratitude to universe and special thanks to **shilpi jain**, **Bhomik Shah** and team for successfully completing ten years of **#ICS23 (#IndiaCSRSummit)** journey with all ups and downs.

So glad to be part of all the ten **#summits**. Thank you **CSRBOX** for the invite and honour this time as well.

**Anjali Ravi Kumar** (She/Her) · 1st  
Chief Sustainability Officer @ Zomato

**CSRBOX** led by the incredibly resourceful **Bhomik Shah** and team always do an exceptional job of bringing diverse change makers of the social and environmental impact eco system together to exchange notes, ideas and cards.

Their annual **#indiacsrs summit** is a must attend for those interested in learning about how Indian corporates, ngos and social enterprises actually get things done.

This session on the role of non profits and social enterprises in **#wastemanagement** totally delivered on my learning expectations.

I had a chance to moderate a delightfully diverse panel and came away enriched. I learnt about the importance of

- Capacity building of corporates on real **#circulareconomy** principles from the articulate **Shalini Goyal Bhalla**

**Sumana Sarkar** · 1st

What an incredible privilege to meet these friends and fellow CSR/ sustainability professionals on **#internationaldayofthegirlchild** at the **#IndiaCSRSummit23** last evening  
We have 20+ years of CSR between us and it was heartening to see a plethora of impact professionals across companies, NGOs, social enterprises and consulting outfits.

1. From philanthropy to development as a service?!! ( DaaS- will TM this if it gets picked up)
2. From collaboration to convergence
3. From solving India's problems to using Indian blueprints and solutions for addressing global challenges
4. And the use of technology to aid human centric development interventions. I say aid and not replace.

It takes a whole bunch of committed people persevering against all odds to make this world a better place! May we be those people!

## Kumar Anurag Pratap

Vice President & Head,  
Corporate Social Responsibility  
and Sustainability, Capgemini India

“

“For over a decade, CSRBOX in a number of ways has promoted, facilitated, encouraged, supported those various opinions, those various viewpoints, perspectives which were diverse, contrasting, and they all got together in one particular space. The ecosystem got strengthened. The collective voices got much—much profound there. And the best part is, that the CSR leaders, they got an opportunity and a platform to talk about things that matter a lot. So, in that particular sense, CSRBOX, in one particular space, they provided opportunity for the opinion. On the other hand, they also created a knowledge series, material or discussion paper or position paper on various themes which in number of ways supported the CSR leaders to articulate their right kind of concerns there and the other [plan], they also did huge amount of work on the impact space there to look into the kind of impact that has happened post CSR rules come into picture, post CSR and NGOs coming together.”

”

## Rama Iyer

Director General,  
WPP India Foundation

“

One of the key benefits of the India CSR Summit is the opportunity to meet diverse individuals and gain insights into what others are doing. As many of us are in leadership positions, we often work in isolation and drive our own agendas, so it's rare to have the chance to brainstorm and learn from peers.

This summit is particularly interesting because I anticipate a greater emphasis on environment and sustainability this time, as opposed to the more traditional CSR topics we usually engage with. I look forward to exploring real-life experiences and case studies that highlight what's happening in the industry and provide practical insights.

”

# The India CSR and ESG Summit 2024 includes:

Workshops

Regional & Thematic Forums

## Here's what Corporate Leaders are looking forward to at the 11<sup>th</sup> India CSR and ESG Summit 2024.

“

“The India CSR Summit has become an evolving journey, connecting crucial channels and levers such as government and non-government organizations, community-based organizations, individual experts, knowledge institutions, the corporate sector, corporate foundations, and even enthusiastic young people. This summit has galvanized the sector, creating a vibrant community proud of their collective achievements. I'm told by the CSRBOX team that 45% of India's CSR spend is represented at this summit—a remarkable feat. Best of luck to CSRBOX for their continued success. I equate CSRBOX with the likes of the Big Four—professional, agile, eager, and impactful. CSRBOX ensures top-notch client servicing, delivering projects with agility, performance, and enthusiasm. This sector is no longer just about philanthropy; it's a professional setup where CSRBOX excels by combining heart and mind, passion, and impact.”

”

**Navdeep Singh Mehram**

Head - CSR & Sustainability,  
**DIAGEO India**

“

The India CSR Summit has become a highlight in our fraternity, with all of us attending. It's a wonderful opportunity to connect with new non-profit partners, spend time together, and learn from each other. I am definitely looking forward to it.

CSRBOX has been pivotal in developing an ecosystem in this space, moving us beyond working in silos. They have provided multiple platforms for us to connect and engage, fostering thought leadership and professional camaraderie. It's been a great experience, and I truly believe CSRBOX is doing something vital in this space right now.

”

**Gauri Bhure**

Head - CSR  
**DXC Technology**

Exhibitors

## Glimpses from Panel Discussions, Exhibitions, Networking, Masterclasses and Impact Awards

## Why Should You Exhibit in India CSR & ESG Summit 2024

1. India's largest CSR forum with **3000+ delegates**, over **800 CSR** and Sustainability heads, and **2000+ organizations**. Recognized as the Mecca of CSR in India
2. Visibility to who is who of CSR and development sector in India
3. One of the most promoted/liked/shared events in the social and development sector in Asia (Check with #IndiaCSRSummit in Google search)
4. The event has been attended by over **3500+ CSR** heads in past 10 years
5. Social media promotion for **6 months**, the longest social media promotion campaign of any CSR event globally
6. Customized branding and outreach campaign for exhibitors/partners
7. Logo and contact details' inclusion in the main event brochure
8. An event hosted by the largest brand in the social and development ecosystem in India; CSRBOX.
9. The event enjoys the loyalty of sponsors and exhibitors, with over 50% repeat sponsors and exhibitors.

## Past Exhibitors Speak :

*"We provide technology solutions exclusively for CSR and non-profit organizations. This is my fifth year attending the CSR Summit, and it's always a pleasure. Every year, we have the opportunity to showcase our products and services to all the stakeholders. As a technology service provider, we work with both non-profits and CSR foundations, and this summit allows us to meet everyone in one place, share our ideas, and understand the evolving needs and technological advancements in the sector.*

*This summit is a fantastic opportunity for us to connect with the CSR community and empower all stakeholders with our technology solutions. I wish CSRBOX all the best on completing 10 years and look forward to many more years of collaboration. Thank you very much."*

**Nilesh Khanolkar**

CEO, SynergyConnect Data Innovations

*"I run an organization called Right Dots, focused on connecting the right dots. I'm here at the CSR Summit to showcase one of our products, Do Aram, where "Aram" in Tamil means "kindness" or "act of kindness." We set up a stall here, and the response since yesterday has been overwhelming. We've had many visitors, and it feels amazing to meet people who share the same mission and values. This summit has brought together individuals working towards various causes under one roof.*

*Our product, Do Aram, is designed to cater to corporates, NGOs, and individuals. It helps NGOs gain visibility, allows corporates to improve their social process efficiency, and promotes social good. I am grateful to the CSR Summit for organizing such a fantastic event. This is my first time here, and it has been a wonderful experience. I look forward to returning next year."*

**Vidhya Bhojan**

Founder, Right Dots; Do Aram Initiative

# This year the exhibition space will be structured according to the following designated themes:

## Ballroom 1

## About the 'Doing Good for Bharat' Awards

CSRBOX, India's impact engine for Corporate Social Responsibility (CSR) and sustainability, proudly presents the "Doing Good for Bharat" Awards (DGB). These prestigious awards recognise and celebrate individuals and organisations making a positive impact on people and the planet, contributing to India's sustainable development and progress.

The "Doing Good for Bharat Awards 2024" represents a visionary initiative aimed at honouring outstanding contributions in the realms of community, climate, and conservation. It recognises individuals, businesses, organisations, and government entities actively promoting social and environmental development, fostering transformative impacts all across Bharat. By celebrating initiatives that advance sustainable development, the DGB Awards aim to inspire continued efforts towards creating a more inclusive, sustainable, and prosperous future for Bharat.

## Objectives of the Awards

The primary objective of the awards is to acknowledge and promote outstanding contributions made by various entities towards the betterment of society and the environment. These awards seek to:

- 1 Highlight and reward exemplary initiatives and projects that have demonstrated significant and tangible contributions to society and the environment.
- 2 Aims to encourage innovative solutions that effectively address environmental and social issues, emphasising thorough research and replicability to ensure these solutions can be widely adopted.
- 3 Recognize and motivate individuals, businesses, academic institutes, social enterprises, and other organisations for their contributions to social and environmental goals.
- 4 Serve as a unified platform to acknowledge and honour organisations, businesses, individuals, government officials and community leaders, who show exceptional dedication and impact towards a common goal of social and environmental development.
- 5 Inspiring 'Good doers' to continue their efforts towards a better and more equitable society and sustainability.
